

VRIS UPDATE

NEW VRIS
Effective 6/16/2008
Number 161

SUMMARY OF UPDATES

VRIS has undergone some significant changes relating to organization and design. Content of New VRIS is 99% the same.

The black menu bar under the VRIS Banner will always be available for navigation except when hyperlinked to another website. If a menu item in the black menu bar displays this symbol , you will leave VRIS if you click that menu item. If hyperlinked to another website, click the Home Button to return to the VRIS Home Page. **Another reason why VRIS should always be the Home Page default.**

On the VRIS Home Page, sections of VRIS are also displayed alphabetically in rows beginning with Agency News at the end of the first row. Navigating in the rows and sections is another option. On some screens, there may be a Home link under the words **VRIS Web site** along with other navigation links which is a third navigation option. There is not a symbol in the rows and sections to alert you that you are about to hyperlink to another web site.

New VRIS contains several links to VR Staff pictures, contact information, and contact roles.

There are both new and retained search features in VRIS.

Retained

- Meeting Minutes Search (Also searches Archived Meeting Minutes.)
- Program Manual Search
- VRIS Update Search

New

- Contacts (VR staff)
- Employer/Job (Transition Scholarships Screen)
- Reverse Phone Lookup (VR Phone Numbers)

The Program Manual Chapters are formatted as pdfs. There is no longer a Printer Friendly link as a viewed chapter can be printed directly.

TEAM COMMUNICATION

Teams may consider navigating through New VRIS on a conference room computer and laptop at a team meeting as a way of becoming familiar with the site.
