

# **VRIS UPDATE**

## **Guide for Educators and Educator's Packet**

**July 30, 2008**

**Number 175**

### **SUMMARY OF UPDATES:**

A revised "Resources for the Transition Educator" packet has been developed with the revised packet containing the latest version of the documents. This includes the most recent version of the Transition Consent form with the top (VR) copy blue, rather than white. This will help to distinguish this version from those prior to the 06-08 version. The 06-08 version and this new blue version provides consent not only for transition services, but also allows the student to apply for the Employment Program and to develop their IPE.

The NCE Career Development Guide is not included in this Packet. However a reference to the availability of this Guide via the NCE website is included on the Introduction sheet to the contents of the Packet.

There are some changes to the "Guide for Educators" booklet in the packet. The primary change is the new Transition Partnership document and the inclusion of the new Recommended Transition Activities by Grade/Age (these are back to back on pages 15 and 16). These two pages are also available as a stand-alone document that can be given to educators and used during orientations or planning meetings.

### **VRIS POSTING**

The revised Guide for Educator's Guide, and the Consent form have been posted to VRIS

### **FORMS REVISED**

The Transition Consent form has been revised with a blue top copy.

### **TEAM COMMUNICATION**

The updates and revisions should be discussed during team meetings
