

## Discovery

<b>Discovery</b>	<p>Provider completes <i>VR Profile for Supported or Customized Employment</i> document to include all previous discovery activities. Referral is made to VR, who facilitates meeting with Client, DD Service Coordination, and Provider to confirm the need for discovery process. Discovery may include (but is not limited to) interviews with Client and others including family members, school staff, case manager and/or Service Coordinator or people who know client well, review of existing records, observation in home and in the community (activities in various settings), observation of participation in a familiar activity (does well, knows how), observation of participation in a new activity of choice. Client identifies interests, talents and work preferences. Team determines services and supports necessary for client's employment success. <b>VR advises Provider to submit VR Referral Profile document and invoice for Discovery for payment.</b></p> <p><b>Note: This Fee for Service is only authorized if little or no previous Discovery activities have been completed. Examples include home-schooled students, non-Nebraska graduates, or individuals who have been on wait list for an extended time.</b></p>	\$500
